WILL QUARANTINE IMPORTED STOCK

Carter Wanted To Stop Importations in Toto

Live stock imported from California will be quarantined for twentyone days from the date of shipment. This applies to all ports of entry wheree quarantine facilities are es-tablished. This action was decided upon yesterday at the meeting of the Board of Agriculture and Forestry. The attention of the Board was called to the prevalence of glanders in Callfornia, and in order to prevent the spread of the disease among the local animals this action was unanimously adopted. At the request of the Board, Governor Frear will notify the Governor of California of the

George R. Carter was in favor of prohibiting the importation of Callfornia live stock altogether, provided the conditions in Californa did not improve. He said that a risk would be run even by driving stock through town to the place of confinement. As soon as possible, Hilo and Kahului will be fitted up with quarantine conveniences, the expense of which to be borne by the importers of live stock.

W. M. Giffard, who was recently on Hawaii, reported verbally on the good work of Brother Matthias Newell of Hilo, who made a careful inspection of animals and quarantined them. At his request, it was recommended that Brother Matthias be given a better salary for his valuable services. The matter was left to the discretion of the Finance Committee with instructions to report at the next meeting.

Isenberg moved that the Board meet on the first and third Wednesdays of each month. He said that this would facilitate business. The members would be more liable to attend regularly. Carried.
